INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, (publishers of the Gastonia City Directory since 1934), present to subscribers and the general public, this, the 1959 edition of the Gastonia City Directory, which also includes Dallas, Flint Mills Villages Nos. 1 and 2, Groves Mills Village, Lowell, Ranlo, Smyre and West View Heights. The inclusions of Dallas and Lowell are new.

Confidence in the growth of Gastonia's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Gastonia to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Gastonia Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Gastonia, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Gastonia, Dallas, Flint Mills Villages Nos. 1 and 2, Groves Mills Village, Lowell, Ranlo, Smyre and West View Heights, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free reference, and serve as perpetual and reliable advertisements of Gastonia and vicinity.

The Gastonia Out-of-Town City Directory Library

Through the courtesy of the publishers of the Gastonia City Directory, a Directory Library is maintained in the offices of the Gastonia Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

History and Location

Gastonia is the trade center of an area first settled in the year 1735 by Scotch-Irish and Germans who had lived for a time in Pennsylvania. These early pioneers were attracted here by the mild climate, numerous springs and streams, and fertile soil. Their fair attitude and high standards of living won the friendship of the powerful Catawba Indians, who often fought beside them against unfriendly Indian tribes and also in their Revolutionary War struggles. It is not surprising that the Battle of Kings Mountain, turning point of the Revolution, was fought 20 miles from Gastonia by these same pioneers, determined to keep their religious and political freedom.

Twenty miles west of Gastonia a National Military Park, the turning point of the Revolutionary War. Thousands of tourists visit this historic spot every year. This is a picture of the battleground monument.

The Changing Scene

Seventy-five years ago this was an undeveloped, backwoods community with nothing to indicate that it was destined to become a giant industrial center. In 1848 some local citizens, recognizing the county's rich natural resources, built the Mountain Island and Woodlawn cotton mills. But industrial development did not begin in earnest until a railroad was built through Gaston County in 1872, bringing the manufacturers into touch with available raw material supplies and the large consuming markets of the nation.

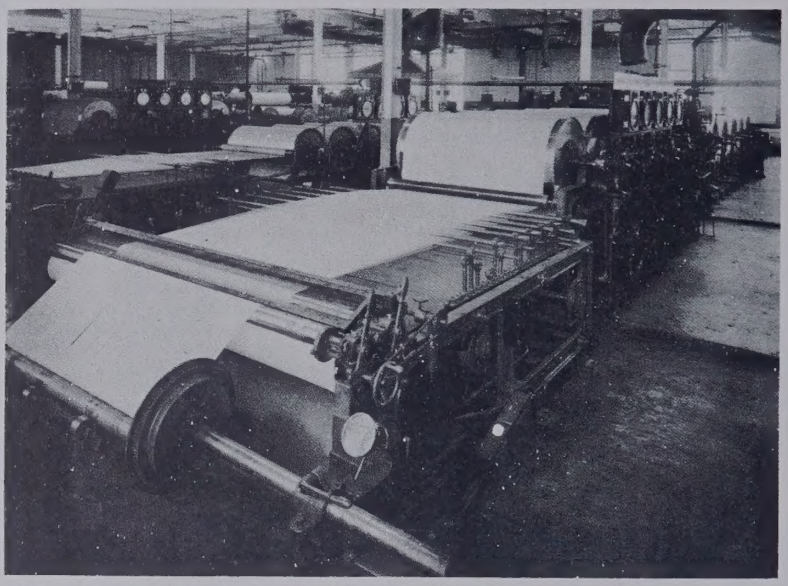
One of the Largest Tire Fabric Plants Under One Roof in the World, located in Gastonia.

Industrial Supremacy

Today Gastonia's 48 textile plants, with 600,000 spindles, have an average annual payroll of approximately $50 million. Gaston County has 128 textile plants, besides numerous other smaller and allied manufacturing interests. The native-born labor is dependable and unusually intelligent, and there is no discernible friction in industrial relationships between employer and employee. Industrial products include: Cotton yarns, tire fabric, textile machinery, sewing thread, crocheting and knitting yarns, labels, gears, weavers' knotters, roller covering, dress goods, sheeting, leather belting, silk, rayon, mattresses, furniture, textile supplies, hosiery, shoe laces, army uniform cloth, motor-oil filters, carbon manifolds, novelties, industrial paper products, electrical goods, machinery, corrugated boxes, moulded plastics, power chain saws and many other articles.



Machinery Made in Gastonia Finds Its Way to the Far Corners of the Earth.

Gastonia's labor is one of its great assets.

More and More People

Each decennial census has recorded a substantial growth in population. Population figures since 1880 are as follows:

1880 - 236	1930 - 17,093
1890 - 1,033	1940 - 21,313
1900 - 4,610	1950 - 23,069
1910 - 5,759	1955 - 34,389 (Special Census Enumeration)
1920 - 12,871	1959 - (Est.) 36,000

Gastonia is located on U. S. Highway No. 29 from Washington to Atlanta, frequently referred to as the "Main Street of the South," and also on Interstate No. 85 soon to be constructed.

Excellent Transportation

Gastonia is on the main double-track line of Southern Railway from New York to New Orleans, and is also served by the Carolina and Northwestern and the Piedmont and Northern Railways. Important highways running through the city include U. S. 29, "The Main Street of the South," U. S. 321, U. S. 74, and N. C. Highways 7 and 274. Three bus lines plus a number of motor-freight and express companies operate in all directions from Gastonia. Gastonia is only 20 minutes from the Charlotte airport, served by Eastern, Delta, Capital, Southeastern and Piedmont air lines. Gastonia has one landing field on the city's outskirts, and one airport.

Power is an Important Factor

Adequate power is an industrial necessity, and Gastonia is fortunate in having an abundant supply. Several of the Duke Power Company's mammoth hydro-electric and steam auxiliary plants are close by in Gaston County. Anyone considering Gastonia as a place to live or as the location of a business can be sure of the highest type of service as well as the most economical rates.

Natural Gas

The Public Service Company of N. C. has made natural gas available in Gastonia. It comes from the fields in Texas, brought by the Trans-continental Pipe Line Company, and the pipe line is within 1-1/3 miles of Gastonia's limits.

Water and Electricity

Gastonia has a splendid new, modern water plant with clear water source. Electricity, purchased by the city from Duke Power Company, is retailed to residential and industrial users. Users outside the city are served directly by Duke Power Company.

Rankin Lake, the eighty-five acre artificial lake which impounds 250 million gallons of water, the source of Gastonia's supply of fine water.

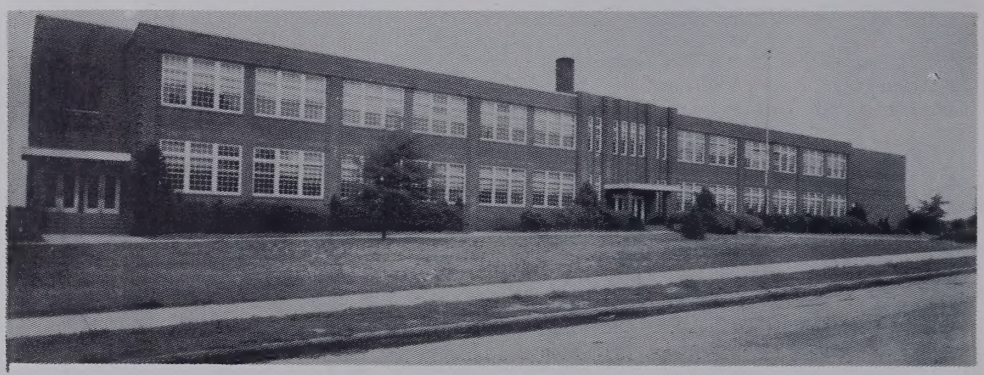
Telecommunications

Splendid telephone service is furnished Gastonia and the numerous nearby towns and cities by the Southern Bell Telephone and Telegraph Co.

Financial

North Carolina has no ad valorem tax on property. Rate for the city of Gastonia is $1.50 per $100, and for the County of Gaston, $1.10 on $100 valuation. Municipal property is valued at over $9 million. The stable government of North Carolina is fair to capital and to labor, and has a sympathetic understanding of industry's problems.

There are two strong national banks in Gastonia and two thriving building and loan associations, all giving efficient service to the community.



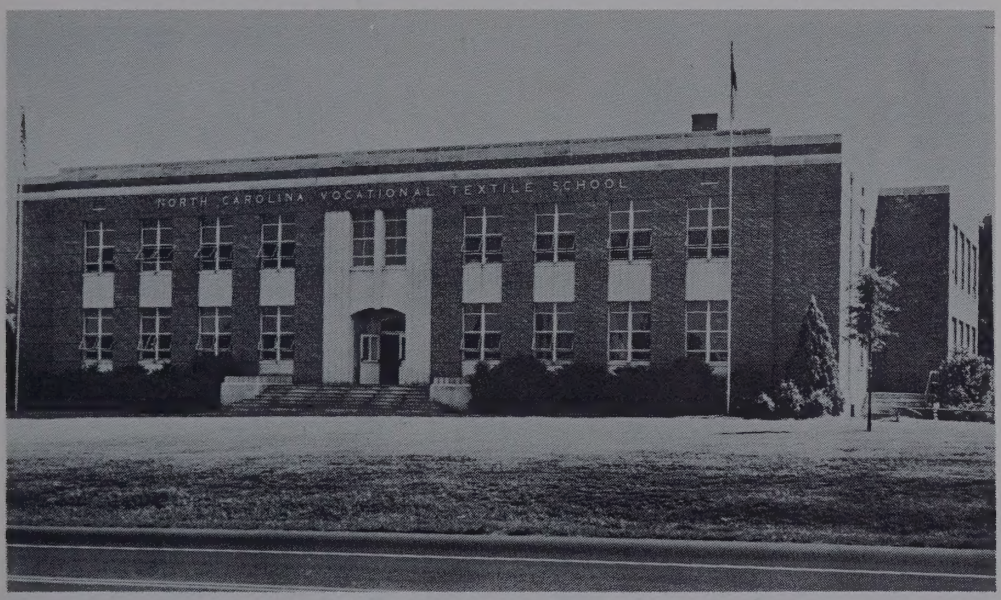
One of Gastonia's Modern Junior High Schools.

Education

The splendid school system is made up of 18 modern school plants, with an enrollment of 12,000 in the metropolitan area. Gastonia is also the home of Gaston Technical Institute, operated under auspices of the School of Engineering of N. C. State College, where technical courses are offered in civil technology, electrical technology, electronics technology, and mechanical and production

technology. The N. C. Vocational School is operated by the Vocational Education Department of North Carolina, and offers tuition-free courses in yarn manufacturing, weaving, tailoring, knitting, and designing. Both of these schools are valuable to the industrial life of the community. Evans College of Commerce in Gastonia has the important task of training many young people to take their places in the commercial and industrial field. Belmont Abbey College, a four-year college for men, and Sacred Heart Academy for girls, are located at Belmont, N. C., nine miles from Gastonia.

Belmont Abbey College, located at Belmont, N. C. ten miles east of Gastonia.



North Carolina Textile Vocational School, located in Gaston County.

Civic Life

Gastonia is a church-going city, with 100 churches representing practically all the well-known denominations—Protestant, Catholic and Jewish.

The value of active civic clubs is appreciated in Gastonia, where strong units of Rotary, Kiwanis, Civitan, Lions, Optimist, Altrusa, and Pilot clubs are giving valuable service. All the leading fraternal organizations are represented in the city, also. Gastonia Woman's Club owns its own handsome building.

Golf courses, swimming pools, tennis courts, parks and playgrounds furnish plenty of opportunity for healthful recreation. A favorite recreation spot is huge Catawba Lake, formed by Duke Power's Company's development of the Catawba River. Summer homes and bath houses dot the shoreline of its sprawling waters, and boating, swimming, and water skiing are popular sports.

Water Skiing on Catawba Lake, only eight miles from Gastonia.

There's gracious living in Gastonia.

For the prospective resident, Gastonia is favorably situated. In less than 3 hours by automobile a Gastonian can be in the incomparable mountains of North Carolina, the lovely "Land of the Sky." He is also only 3 hours away from Pinehurst and Southern Pines, famous winter resorts. In warmer weather, the tempting Atlantic beaches can be reached in 5 hours.

Gastonia has two splendid general hospitals for whites and one for Negroes. In addition, there is also the N. C. Orthopedic Hospital, the only state-owned and state-maintained institution of its kind in the South. It cares for patients of both races.

Gaston County Dairy Herd.

Farming Opportunities

Though truck farming has developed rapidly, Gaston still imports thousands of dollars worth of food that could be raised—with profit—in this county. The fast-growing industrial population of the city is a challenge to the farmers of the area to produce more food and feed crops each year. Dairying and poultry farming have advanced a great deal in recent years, but there is still a need for further development. Fruit growing, too, is gaining in importance, and it is true that no finer peaches can be grown anywhere than those produced in Gaston County. A market for these is close at hand.

Gaston Technical Institute, where technicians are trained for the many phases of work incident to the Piedmont section of North Carolina. The Institute is located at 1025 West Franklin Avenue in Gastonia, and is operated by the Engineering Department of N. C. State College.

Anyone wishing more information about this hustling, friendly city of the Piedmont Carolinas and its advantages and resources is cordially invited to write directly to the Gastonia Chamber of Commerce.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** —aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** —tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

FINE FURNITURE

Does Not Necessarily Cost a Great Deal

The satisfaction gained from dressing up the home with modern furniture, carefully selected to fit each room, is ample repayment on the installment. Even a few pieces can alter and enhance the present ensemble; odd corners can be dressed up and made comfortably livable.

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CASHIERS! TELLERS! CLERKS!

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

WHY A YELLOW PAGE SECTION?

*It is customary to include a Yellow Page Section in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Yellow Page Section is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

OUT OF SIGHT!
OUT OF MIND!
OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT. *INSIST ON BEING WELL REPRESENTED IN ITS PAGES.*

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence.* Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

HILL'S

GASTONIA

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1959

Including Dallas, Flint Mills Villages No.'s 1 and 2, Groves Mills Village, Lowell, Ranlo, Smyre and West View Heights

Copyright, 1959, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions at some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return. "In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; in fact, a double postal card was mailed and the telephone used when possible.)

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

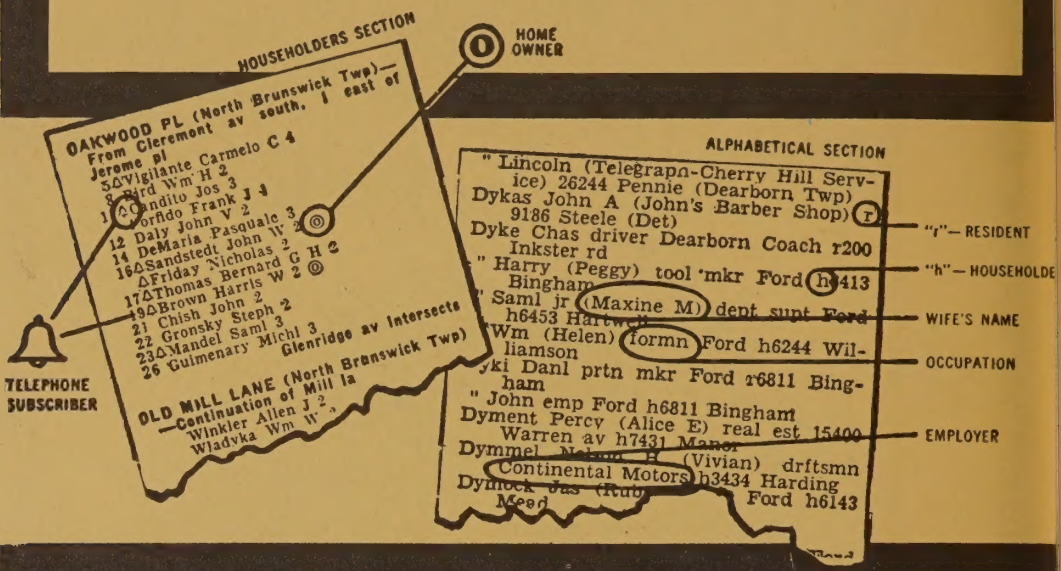
DIRECTORY SYMBOLS AND DESIGNATIONS



IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
